August 2022

Welcome to the 2022-2023 school year. This year promises to be one in which all of our stakeholders achieve success. The Academy of Urban Leadership Charter School (AULCS) is a dynamic school community with amazing students, a dedicated staff, engaged parents/families and a dedicated, community-oriented Board of Trustees. I am excited, energized and humbled to serve as the Chief Lead Administrator.

Please allow me a brief moment to introduce myself. First and foremost, I am a servant-leader and bring to AULCS 20 years of educational and leadership experiences. I possess a strong work ethic and a commitment to excellence for all of our AULCS stakeholders. I have experiences as a teacher, vice-principal, principal, Director of Curriculum and Instruction and Chief School Administrator. I also have instructed adult students, as an adjunct professor, teaching graduate courses at the College of Saint Elizabeth. I consider myself a life-long learner and strongly believe that being an educator allows me the important opportunity to make a positive difference in the lives of students, who are our most important constituents, and who are the future leaders of the not only the United States but of the world.

For me, education provides an opportunity for continual learning and growth as I believe in equitable, rigorous, relevant, and engaging education for our students. One of my goals as an educational leader is to instill a genuine love of learning in students, teachers, parents, and all the stakeholders involved in the school community. I believe there is always a need for compassionate, strong, and dedicated servant-leaders such as myself.

I am completely committed to working with our students, who are future leaders, teachers and staff, parents/families, our Board of Trustees, and the community-at-large to ensure that each and every student receives a high-quality education in order to maximize their fullest potential and to ensure that we create the conditions that unlock the greatness in each and every AULCS student.

In Partnership,

*Dr. Jeff White*
