AUL Teacher Of The Year 2019

Miss Gioia has been named teacher of the year for 2018-2019. She has been teaching at AUL for seven years, one year as a substitute and another six as a full-time history teacher.

Miss Gioia found out the news in January when Ms. Davis walked up to her and told her, "It is fitting that you are helping a student right now". Miss Gioia responded with, "Am I fired?" in her sarcastic way of talking. Ms Davis replied, "No, you are the teacher of the year". Miss Gioia recalled during our interview with her, "I am forever grateful for my peers thinking enough of me to give me this honor," she said. "I am proud of the Food Bank and our efforts to make sure no student is hungry. I hope I am able to teach life lessons to my students through these activities. The school has changed since I've been here. I hope the family spirit one day returns. Ms Davis worked with me on a regular basis. She taught me how to teach student-led classes and lifted my spirits when I felt I could no longer teach. She also was my rock."

Nurse Jackie believes Miss Gioia's humble spirit, need and desire to help others were among the many reasons she was chosen for the honor. Mrs Berberich had this to say about Miss Gioia, "When I saw that the staff at AUL were voting for teacher of the year there was no doubt in my mind I would nominate Miss Gioia. She is the most caring, thoughtful person I have ever met. She is someone who would give the shirt off her back to help any student or stranger. She is a selfless person who is always helpful and honest in her responses. She is an unsung hero because she never takes any credit for the awesome stuff she does with her students. She shows our students what it means to be a true leader. Her wit and sarcasm is contagious and helps all of us make it through each day".
